ALICE = Asset-Limited, Income-Constrained, Employed is a term to describe households that earn more than the federal poverty line yet still can't afford a no-frills survival budget in their own community. Nearly 1 in 2 Riley County households fall into poverty or ALICE status—how secure is prosperity if half the county can't meet basic costs?*

Poverty

22.6% of households (6,141) live below the federal poverty line—far less income than even the bare-bones ALICE budget. Riley County is one of the few U.S. counties in persistent poverty for 30 years running*

Alice

25.0% of households (6,786) are ALICE: Asset-Limited, Income-Constrained, Employed. They work, but wages don't stretch to meet basic costs like rent, childcare, and food.*

The Big Picture

47.6% of all households (Poverty + ALICE) struggle to cover essentials.*

More than half (52.4%) of Riley County households clear the ALICE survival budget—yet national data show that 1 in 3 of those same 'above water' families can't handle a \$400 emergency without borrowing, and thousands already revolve credit-card debt.*

What does economic prosperity mean and for whom?

Under 65

\$57,424 – ALICE “survival” income needed for a household led by someone **under 65** in Riley County.*

Over 65

\$53,700 – ALICE “survival” income for a household led by someone **65+**, reflecting different health-care and transportation costs.*

Example

*Maria works full-time at \$18/hr (~\$37k) while raising two kids. She's above the poverty line but **\$20k short** of the ALICE survival budget. Even with careful budgeting, one surprise car repair can push the family into crisis.*

Join us!

The Flint Hills Chapter of Democratic Socialists of America exists as an organization whose mission is to create a democratic society where everyone has access to safe food, housing, and healthcare.

As a member of the community involvement and volunteer initiatives committee (CIVIC), you will be able to organize to coordinate mutual aid, volunteer, raise awareness, and advocate for affordable housing, labor unions, living wages, and basic human dignity.
